

Hillhead Hockey Club

16th March 2020 – Hillhead Men's HC & Hillhead Ladies HC

Coronavirus / COVID-19

UPDATE: 16/03/2020

Matches:

All matches have been suspended until further notice as instructed by Scottish Hockey.

Training:

The use of the pitches at Old Anniesland and other local schools is now suspended until the 30th March for anyone other than the schools. As such, pitch training has now been cancelled. Please do what you can to keep fit, while minimising your risk of infection.

50th:

As it stands the 50th is still going ahead. However, Hillhead HC will adhere to Government guidelines and policy set by Grand Central Hotel. Further updates will be provided as we get them. Your patience is appreciated.

Mental health resource:

This is a testing time for everyone and as a community, we will need to support each other as best we can. If you are struggling, remember that Hillhead HC is part of your support network and help is available if required.

Introduction

A coronavirus is a type of virus. As a group, coronaviruses are common across the world. Typical symptoms of coronavirus include fever and a cough that may progress to a severe pneumonia causing shortness of breath and breathing difficulties.

Generally, coronavirus can cause more severe symptoms in people with weakened immune systems, older people, and those with long-term conditions like diabetes, cancer and chronic lung disease.

Club statement

The safety and wellbeing of our members and the wider community is of the upmost importance to us. It is essential that the membership acts responsibly to protect ourselves and our families by using common sense and regularly practicing good hygiene.

Please be conscientious of those around you and refer yourself to the guidance below, whether or not you are showing any symptoms, particularly if you have travelled abroad or work in healthcare.

For the avoidance of doubt, if you are self-isolating from work you must also be self-isolating from training and matches. It will not penalise your future selection. If we have a valid concern that you are not taking the appropriate steps in the interest of your fellow club members then we may ask you to leave training or matches.

Scottish Hockey have suspended handshakes between players, coaches, umpires and officials for the time being. Additionally, whistles, cards and other equipment should not be shared to further reduce the risk of exposure to the virus.

Up to date advice is available at the links below, and instructions for when to contact your GP or to self-isolate can be found there:

Communication by the Club

Further information will be distributed via the club websites, email and social media platforms as the situation develops.

Communication by members

Members suffering symptoms of the virus should seek medical advice in the first instance and must contact the Club President to make them aware of the situation and instructions given by the health service.
