

10 Key Points for Accessing the STV Building Safely and Correctly

1. Do not try to access the pitches other than through the STV main door you will not be allowed in.

2. Do not try to gain access to the STV building more than 15 minutes prior to your session. If you arrive early you will need to wait in your car or outside the building — make sure you stand away from the doors to allow others safe entry/exit. Only players under the age of 18 may have a guardian accompany them.

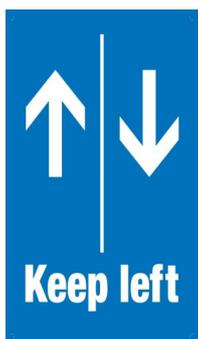

3. Once inside the STV building please keep to groups of 2 people.

4. At all times keep 2 metres between you and the group/person in front.

5. Keep left at all times unless instructed to do otherwise. Take note of the marking/signs in the STV.

6. When using the stairs keep left and ideally single file as the stairs are operational for those going down and up. Keep a 2 metre distance.

7. If you have a TBB card and can go straight through the barriers then please proceed to do this as above.

If you need to go to the reception desk at the bottom of the stairs and there is a que please wait at the top of the stairs - do not que for reception on the stairs.

8. When you leave the pitch area and come back into the STV ensure you are in groups of no more than 2 and these groups have a 2 metre distance.

9. When accessing the turn styles to leave ensure you wait 2 metres back until the people in front of you have gone through/moved forward.

10. If you are approached by a member of STV staff then please listen to what they are instructing you to do and carry it out. These procedures are designed to protect you and the University staff.
