

Lisa Clemens

Age 40 something

Member since 2010

Rower and cox/coach.

I have sat on the clubs management committee between 2011? and 2020, when I stepped down as club chair.

I have held the positions of Secretary, Vice chair and Chairman during that time. I have also sat on the Rowing Committee from 2018 to 2023.

Have been a member of the Trustees of Looe Rowing Club CIO since its conception in July 2017 and was part of setting up many of the clubs governing documents and policies during that time so I have a good understanding and comprehension of these and hopefully use that knowledge to guide the club when needed.

I have also been on some kind of committee since the age of 16 mostly part of LISKEARD Young farmers, at club, county and area level, so also have a good knowledge in regard to committees and their workings.

As a trustee I would like to ensure that not only that the club operates with in the rules and guidelines set down by Charities Commission, CPGA, and our club documents, but also that the club continues to ensure all members new or old, novice to competitive have the best experience in being part of our club and that we work on keep working on improving support to members as coxes or rowers and that the club remains an important and well respected part of the local community.
