

Janeen Overton

Age 53

Cornish born and bred.

I started coxswaining flash boats at the age of 8 and started rowing from the age of 12 in both flash boats and skiffs.

Rowing has taken me to some amazing locations and have made life long friends through this sport.

I started rowing gigs at the age of 17 and took part in my first world pilot gig championships in 1991. I think I have missed 3 since.

I have been on the rowing/selection committee for a few years now, using my knowledge gained over many years to help keep Looe Rowing Club competitive, fair and friendly. As a trustee, new to this role, I hope to help maintain this whilst bringing through the youth.

I took advantage when we had lockdown and repainted all of the club's paddles.

I love being on the water, it is my happy place.
